Markus Böhnisch  
-Filmmaker-

My name is Markus Böhnisch and on behalf of MISA I am preparing a documentary about the struggles of freedom of expression and media freedom in southern Africa, in the context of the 25<sup>th</sup> commemoration of the Declaration of Windhoek on press freedom.

MISA wants to focus on mainly three countries for this film: Zambia, Zimbabwe and Namibia.

We will film between the **14<sup>th</sup> and 26<sup>th</sup> of March 2016** and we are right now looking for characters who could take part in this film. The colleagues of MISA elaborated a list of names and you were on it. Now, I am trying to get an in-depth-view. That's the reason, why I send you this mail. It is a short questionnaire, that helps me to plan the filming, to build the structure.

All the information will be used only internally for decision making. The filming itself does not intend to threaten you. Thus every filming would develop in mutual consent.

I would be very glad if you will dedicate some minutes to the questionnaire.

Thank you and best regards

Markus
